

PURE™ Safety LEARNING MANAGEMENT SYSTEM

Whether you have just a few employees or thousands, developing and managing a workplace safety training program can be a challenge. Our Learning Management System is a simple, yet powerful, learning management platform designed to help businesses of all sizes keep workers safe, healthy, and productive. Our learning management software lets you centralize and deliver all of your training, and understand every employee's training status. Easily report training compliance, saving you time and paperwork so you can spend your time on other important tasks.

KEY BENEFITS & FEATURES

- **Replace Manual Tracking and Spreadsheets** – Save valuable time manually tracking training completion and assignments using our online, centralized learning management platform.
- **Up-to-Date Training Status** – Keep learners aware of training deadlines and past-due assignments, while giving managers a real-time and accurate overview of learning activities.
- **Report for Compliance** – Simplify your audit process for training compliance with centralized data and reporting tools.
- **Training Access** – Distribute any training courses from any provider. Need courseware? We offer hundreds of health and safety courses, created in-house and updated regularly.
